GREECE

Dionysi Grevenitis has been working in the field of wine for over 15 years as buyer, wholesaler, educator and broker. His eponymous Dionysi Grevenitis Selections was created to import the truest portfolio of small production, artisanal winemakers in all of Greece. His wines are connected by a common thread: a sense of place, terroir and varietal uniqueness that is the embodiment of the Greek vineyard. In other words, if the wines from these various vintners accomplish the feat of not "reminding" one of another region or wine, then they've met their objective. With such a profound passion for and knowledge of Greek wines, it is easy to see why his compelling selections have such a devoted following.
